MILDRED'S Grill

AT THE VERMONT COUNTRY STORE

OUR INSPIRATION FOR MILDRED'S GRILL

Mildred Wilcox was born in 1911 on the Wilcox Dairy Farm in Manchester, Vermont. She married Vrest Orton, the founder of The Vermont Country Store, and became the matriarch of the Orton family. In addition to managing the store's finances, Mildred also endeared herself to hungry customers by making her famous ham sandwiches. These were hearty "worth-the-drive" sandwiches made with Mildred's own stoneground wheat bread, which she baked in her woodstove and served alongside country-style baked beans, pies, and cookies.

If visiting our country store and restaurant has been on your "bucket list" then you're not alone! For over 70 years, many of our catalog customers have visited us in Vermont to experience the best of the good old days, discover treasured products and practical and hard-to-find goods, and to taste delicious home-style food. At Mildred's Grill, you'll enjoy an array of traditional and not-so-traditional comfort foods—from our award-winning all-natural local beef burgers to the richest, cheesiest mac-and-cheese, made with real Vermont cheddar, of course! We also offer a variety of grilled cheese sandwiches, gourmet salads, hearty soups, and tasty side dishes. But save room for dessert! You don't want to miss our homemade baked goods and rich, creamy Wilcox ice cream.

Today, Vrest and Mildred's son Lyman, and grandsons, Cabot, Gardner, and Eliot, continue to carry on their grandparents' commitment to being the purveyors of the practical and hard-to-find and providing outstanding customer service. They're also committed to carrying on Mildred's love of making and sharing simple, home-style food and serving it with a warm smile.
